(Mini Guide)

California Senior Driver License Renewal

In order for a senior driver in California to renew their license, there are specific rules and steps you need to follow set by the California DMV. This mini-guide will answer your questions and outline the renewal process for your convenience.

Step-by-Step Renewal Process for Senior Drivers in California

01 Start the renewal process:

California DMV requires drivers aged 70 and older to renew their license every five years. This must be done in person at a DMV location. While special considerations were made temporarily during the COVID-19 pandemic to allow for online renewal, those considerations have expired, and you **must go in person** to the DMV.

02 Prepare the necessary documents:

To renew your driver's license, you will need a completed driver's license application, two forms of identification, your social security number, two forms of proof of residency, and the $45 renewal fee. You can fill out the driver's license application beforehand through the California DMV's website, or fill it out when you arrive at the DMV.

03 Undergo necessary tests:

Depending on your health status, you may need to undergo a vision test, a written test based on the California Driver's Handbook, and potentially a behind-the-wheel skills test. In some cases, a Supplemental Driving Performance Evaluation (SDPE) may be required.

04 Receive your renewed license:

If you pass the necessary tests and meet all the requirements, you will receive your renewed license. It may come with specific restrictions based on your driving ability.

How to Use This Practice Test Guide

Welcome to the California Senior Driver License Renewal Practice Guide: 200 Practice Questions and Answers. This practice guide, with test questions, is designed to help you prepare for your California Driver's License renewal exam. The following steps will guide you on how to best use this practice guide:

01

Answer the Questions:

Start by reading through the practice questions, one at a time. For each question, choose the answer (A, B, C, etc.) that you think is correct. The questions are formatted similarly to what you can expect on your actual exam, helping you get familiar with the style and content.

02

Use the Answer Worksheet:

As you answer each question, write down your answers in the answer worksheet. This will allow you to keep track of your responses, making it easier for you to review your answers later.

03 Pace Yourself:

While it's entirely up to you how many questions you answer at a time, we recommend answering 25 questions in one sitting to closely mimic the actual renewal test format. This will give you a more realistic test-taking experience. Remember, you will need to answer at least 20 out of these 25 questions correctly to pass.

04 Check Your Answers:

Once you've answered all the questions, refer to the provided answer key to check your answers. Each answer in the key is presented in the format: [question number], [correct multiple choice answer], [reference page in the California Driver's Handbook]. The reference page indicates where you can find the information in the California Driver's Handbook for more context or to further your understanding. This practice guide uses the 2025 version of the California Driver's Handbook.

05 Review and Understand:

If you've answered a question incorrectly, go back to the referenced page in the handbook to review the information. This will help you understand why the correct answer was what it was and reinforce your knowledge.

06 Retake and Practice:

Practice makes perfect. Feel free to go through the questions as many times as you need to feel comfortable with the content. The goal is to understand the rules and regulations to ensure safety when driving, not just to pass the test.

Remember, this guide is a practice tool - an aid to help you prepare for the DMV exam. It does not guarantee a pass in the actual test. Keep reviewing the California Driver's Handbook for comprehensive information and use this guide to check your understanding and readiness for the exam. Good luck!

Sample Test Questions

1 You can use a cell phone while driving only

A. When you're at a stoplight.
B. When you're alone in the car.
C. When the phone is in hands-free mode and only when necessary.
